Treasurer's Report

July 10, 2019

Financial Recap

Board Attention Needed	Close Monitoring Required	No Significant Issues
------------------------	----------------------------------	-----------------------

- Revenues of \$364,000 are in alignment with budgetary projections. There is still reason to monitor revenue closely because member giving for general operations and the mortgage fund are about \$16,000 below budget targets
- Expenditures of \$372,000 are about \$24,000 below budgetary projections. However, upcoming costs to replace HVAC units will cause expenditures to exceed budgetary targets later in calendar year 2019.

Special Finance-related Discussion Items

- The Treasurer will provide a fiscal update to all members on July 14th.
- The Finance Committee plans to begin gathering feedback from members, OSLC staff, and the Board to determine how to budget and account for future uses of the Ecumen land sale proceeds.
- The Finance Committee will begin gathering input on calendar year 2020 needs; a key input to development of the budget for the subsequent year.
